Our core principles have not changed.

Fervent Prayer  
Compassionate Outreach  
Comprehensive Biblical Learning  
Intentional Mentoring and Equipping  
Authentic Relationships

The previous year we focused on the building of relationships turning them from acquaintances to friendships through fellowship. This last year growing the friendships and now we want to develop this into communities of holiness. Holiness of heart and life is experienced both individually and corporately. Holiness is the life of the church. Longing for the connection to the one who makes us holy.

The examination of these two thoughts can help us:

Too often we think of discipleship as the passing on of information/knowledge rather than it being a close friendship that allows the disciple to see what it means to have fellowship with the father in all of life's circumstances.

AND

The goal of discipleship is the end product of fellowship with the Father: Holiness. We experience this individually, corporately, and long for others to find the joy in what we call the sanctified life.

Deep within me is the desire to see our people clearly understand the difference holiness makes in their lives. Join me in prayer for God to move among and through us this year.
